

Performing Arts Club

A Show in a Year!

Open to KS2

Does your child love to sing dance and act? Following the success of our previous 2 productions; Ali Ba Ba by Craig Hawes and most recently Cats by Andrew Lloyd Webber, performing arts club is back for another year under the new name:

LIGHTNING KIDS!

Dear parents

Would your child like to join Performing Arts Club this year?

Signing up has never been easier!

How to join

You will need to use the website to pay.

Visit our site at www.lemonlightning.co.uk

Move the mouse over the parents tab and click pay here. Follow the instructions on the page. Be careful to select the correct school as you are one of 2 clubs running from the website.

You will need a PayPal account. If you do not have one you will be guided through the simple steps before your payment is made.

Payment secures your child's place at the club for the autumn term and must be made before your child can attend. If you have an invoice outstanding from last term this must also be paid before your child can return.

Fees

The cost for each term will be £37.50.

This includes high quality tuition in 3 stage disciplines: acting, singing and dancing; building to a full-scale performance in a working theatre later in the year.

The first meeting is Monday 11th September. All following sessions will be live on the website next week as soon as they have been synced with Churchfield's Diary.

Joining Late

Your child may join late in the term, providing there are still spaces. Payment remains the same.

Looking forward to a new production and a super year of learning!

Many thanks

Zoe Manifold (Creative director and teacher)

Matthew Finch (Administration and finance)

Zoe Manifold is a qualified primary teacher in her 11th year of teaching. The latter five have been spent as a specialist in performing arts. She currently teaches music and drama to 4 to 9 year olds and is head of performing arts and resident director at Rode and Norton School Federation. In addition she is a piano and singing teacher and co founder of Lemon Lightning Kids Club. She has a BA hon's degree in music and performance and 28 years of performance experience on stage in both professional and amateur theatres.
