

Churchfields, the Village School

Equality Information & Objectives 2016 - 2020

Romans 2:11

For God shows no partiality.

Introduction

“Education plays a key role in determining how you spend your adult life – a higher level of education means higher earnings, better health, and a longer life. By the same token, the long-term social and financial costs of educational failure are high. Those without the skills to participate socially and economically generate higher costs for health, income support, child welfare and social security systems.”ⁱ

Churchfields recognises the importance of education in creating life opportunities and recognises that the influence of school on a child’s life is made more significant if they currently have, or have had in the past, a disadvantaged home life.

This document looks at the most recent attainment data and highlights the groups that are vulnerable to underachievement in Wiltshire schools. Churchfields is using this data to support its work to maximise the attainment of every pupil and, in particular, pupils at risk of educational underachievement.

ATTAINMENT: NATIONAL AND WILTSHIRE DATA

For most of the groups attainment is broadly in line with national results. In this document results are being highlighted where there is a county attainment gap compared with national results or where there is national and local concern about poor attainment for particular groups.ⁱⁱ

Race/Ethnicity

Lower Achieving Ethnic Groups

Nationally, the aggregated Black ethnic category remains the broad group with the lowest attainment both at Key Stage 2 and at Key Stage 4 (GCSE).^{ii iii} This aggregated group includes the ethnic categories of Black African, Black Caribbean and Any Other Black Background.

Both nationally and in Wiltshire, Black Caribbean pupils continue to be one of the lower performing groups.^{ii iii} Nationally 43 per cent of Black Caribbean pupils achieved the expected standard, while in Wiltshire, 36 per cent of Black Caribbean pupils achieved the same standard.^{ii iii} The attainment gap between Wiltshire Black Caribbean pupils and National/Wiltshire All Pupils is 14 percentage points.ⁱⁱⁱ ,

A small black population in Wiltshire means that this school only infrequently has black pupils on its school role. However, this school is aware that across the county, the attainment of Black Caribbean pupils persistently falls behind the average achievement of their peers. This school understands the complex reasons for this and the steps we take to raise the attainment of these pupils will include: working closely with their parents/carers; ensuring expectations of their attainment remain high; understanding the impact of negative stereotyping (both in-school and out of school); helping the pupils to confidently navigate the stress that comes from being a visible minority in a mainly white school; closely monitoring pupil progress - as well as working with the pupil and their family to accelerate progress where appropriate.

In Wiltshire, White Eastern European pupils are a lower achieving group. 33 per cent achieved the expected standard in Reading, Writing and Mathematics.ⁱⁱⁱ These results are because a significant number of pupils are more recent migrants, and the majority have therefore not been in school in the UK from the Reception School Year. [Please refer to more detailed EAL section below].

Nationally and in Wiltshire the lowest performing ethnic group are Gypsy, Roma, Traveller pupils. In Wiltshire, Gypsy, Roma, Traveller pupils significantly underperformed compared with the national statistics. Nationally only 13 per cent of pupils achieved the expected standard in Reading, Writing and Mathematics.^{ii iii}

The barriers that prevent Gypsy, Roma, Traveller pupils participating and achieving at school are varied and complex, but this school is committed to working with individual pupils and their families to ensure every child receives maximum benefit from their time at school.

Churchfields is aware of being able to access support and information from the Wiltshire Traveller Education Service, which provides specialist advice so that this school can make the adjustments necessary to support individual pupils and families from this community.

In the past Gypsy, Roma, Traveller communities were reluctant to allow their children to access mainstream primary education. This situation has been transformed in the last 10 to 15 years, and now the overwhelming majority of Gypsy, Roma, Traveller families in Wiltshire

opt to send their children to primary school. This is a significant achievement. Churchfields works with our children, their families and local secondary schools to ease the transition process to ensure all our Gypsy, Roma, Traveller pupils continue to secondary school.

Higher Achieving Ethnic Groups

Nationally and in Wiltshire, Chinese pupils are the highest achieving group in 2016.^{ii iii} Nationally 71 per cent achieved the expected standard in Reading, Writing and Mathematics, while in Wiltshire, 75 per cent of pupils achieved the same.^{ii iii}

Ethnicity and Eligibility for Free School Meals (FSM)

There were 423 Wiltshire pupils eligible for free school meals (FSM) in year 6 in May 2016.ⁱⁱⁱ In Wiltshire, the largest group of pupils eligible for free school meals are White British pupils (379).ⁱⁱⁱ In 2016, overall, 32.9 per cent of Wiltshire Disadvantaged pupils (FSM/Ever 6 & LAC) achieved the expected standard at KS2, compared to 38.5 per cent for England.^{ii iii} The small number of pupils eligible for FSM in the other ethnic categories means the data is not statistically reliable.ⁱⁱⁱ

For more detailed information about what our school is doing to raise the attainment of these pupils, please refer to our Pupil Premium Information which is also published on this website.

English as an Additional Language (EAL)

“The attainment of children with a first language other than English (EAL) in Wiltshire continues to compare unfavourably both to figures for similar children elsewhere and to children whose first language is English (FLE). Furthermore, the gap between FLE and EAL attainment in Wiltshire is unusually large.ⁱⁱⁱ

In 2016, 46% of Wiltshire’s EAL learners achieved the expected standard in Reading, Writing and Maths. The equivalent figure for FLE learners was 54%.ⁱⁱⁱ

Nationally, 52% of EAL learners achieved the expected standard, and the figure for the South-West region was 47%.^{ii iii}

The gap between FLE learners and EAL learners in Wiltshire was eight percentage points.^{ii iii} This compares to a gap of six percentage points in the South-West, four percentage points overall for statistical neighbours, and two percentage points in national data.ⁱⁱⁱ

The relatively poor attainment of Wiltshire’s EAL learners in overall KS2 data is very largely a product of poor attainment in Reading.ⁱⁱⁱ This group has been doing badly in this area for several years, and evidence seems to suggest that the problem is deepening. In contrast, attainment in Writing is comparable to similar groups elsewhere, and attainment in Maths is good.

Wiltshire primary schools are working hard to address this issue in partnership with the local authority's Ethnic Minority Achievement Service (EMAS) and its School Effectiveness team. These two teams have provided joint training to school Literacy leaders in this area in recent years, and the EMAS team have produced resources for teachers designed to highlight the issue and provide ideas and inspiration for teaching Reading comprehension to EAL learners in the classroom. Both teams provide advisory support to schools, and EMAS also provide bilingual staff who can help facilitate access for children in the early stages of learning English.

It is worth noting that the patterns reflected above in Wiltshire's EAL attainment at KS2 are not reflected in KS4 data, where performance in Wiltshire tends to be strong.”

Gender (Protected Characteristic 'Sex')

The attainment gap between girls and boys is 8 percentage points.ⁱⁱ Girls outperform boys on all the primary subjects except for Mathematics.ⁱⁱ

Disability/SEN (Special Educational Needs)

Disabled Pupils and SEN Pupils – Attainment Data

14 per cent of Wiltshire pupils who receive SEN support (the old SEN categories of School Action and School Action Plus combined) achieved the expected standard in Reading, Writing & Mathematics. For Wiltshire pupils with a statement of SEN or an EHC Plan; 7 per cent of pupils achieved the expected standard in Reading, Writing & Mathematics.ⁱⁱⁱ

There is an increasing understanding of the negative impact of social, emotional, and mental health difficulties (SEMH) on the educational attainment of pupils. The incorporation of mental health into the Equality Act 2010 has helped to highlight this important issue.

Religion and Belief

Data is not collected for monitoring purposes on Religion and Belief, so there is no information available to compare the attainment of pupils who have/or do not have a religion or a belief.

Churchfields recognises how important faith and belief can be as part of a young person's developing identity, whether this relates to a specific faith or belief, or whether this relates to wider belief systems, morals and ethics.

Churchfields is committed to supporting all our young people as they develop a personal relationship with their own values and beliefs, and to supporting, in the context of the Human Rights agenda, the role this plays in the moral and ethical choices they make in life.

This school takes incidents of prejudice-related bullying seriously and is committed to working closely with parents/carers to create a school environment which is nurturing, friendly and supportive for all our children. Our school has established a procedure for recording all incidents of prejudice-based bullying, and this includes bullying relating to religion and belief.

Wiltshire LA Anti-bullying Guidance specifically states that Religious Bullying can be identified as ‘*a negative or unfriendly focusing on religious difference or how somebody expresses their faith*’. This school is vigilant in maintaining an awareness of, and appropriate responses to, this possibility. Churchfields is aware that negative faith-based media attention can have an impact on all children, and recognises the importance of ensuring that pupils are provided with accurate and appropriate information.

Churchfields ensures all pupils gain knowledge of and respect for the different faiths in Britain as part of our role to prepare pupils for modern life in a diverse Britain. As part of a whole school activity, pupils celebrate different religious festivals and learn from religious representatives from various communities.

Churchfields recognises that discrimination on the grounds of religion or belief is a global concern, and our school actively promotes tolerance and respect. This school commemorates Holocaust Memorial Day as a key part of its commitment to informing pupils about the consequences of intolerance.

Sexual Orientation/Gender Identity

This school has benefited from the work undertaken by the Church of England and published in the document “*Valuing All God’s Children*”. This excellent document provides a framework that helps our school to address all issues of bullying behaviour and discriminatory language, and includes homophobia, biphobia and transphobia.

EQUALITY OBJECTIVES

1. Improving access to high quality pre-school education

Churchfields knows that “*attendance at any pre-school is equivalent to achieving an additional 7 grades at GCSE (i.e. the difference between getting 7 GCSE at ‘B’ grades versus 7 GCSE at ‘C’ grades, or 7 ‘C’ grades versus 7 ‘D’ grades etc).* Attending pre-school

for 2 years or more, or attending high quality pre-school, compared to none, is equivalent to an additional 8 grades.”^{iv}

Churchfields will work with local pre-school organisations to encourage current school parents to give pre-school younger siblings the opportunity to benefit from a nursery education as this is known to make a particular difference to pupils who might be vulnerable to underachievement.

2. Increase understanding of religious/faith diversity

Another current focus for Churchfields is to ensure that our pupils understand and appreciate the rich diversity of Britain and the important values that help people with differing perspectives and outlooks to live together harmoniously. This document provides information about what Churchfields is doing to develop our pupils' ability to live in a pluralistic (diverse) society. Churchfields has a new Equality Objective to increase understanding of religious/faith diversity (including people who do not have a faith) and to develop an awareness of the history of religious intolerance in Britain and Europe and to learn to promote tolerance and understanding.

3. Pupil mental health and wellbeing

Academic attainment is important, but pupils also need to move on from this stage of their education feeling happy and self-confident. Churchfields is committed to providing a nurturing environment to help develop the resilience of our pupils to cope with the ups and downs and stresses of everyday life. Churchfields has decided that one of our new Equality Objectives will address pupil mental health and wellbeing as part of our commitment to preventing mental health difficulties that may start in childhood but have a greater impact in adult life.

4. Cultural development and understanding

Churchfields recognises the important role culture (film, theatre, art, museums, galleries) play in our society and in particular that not all pupils have equality access to our diverse cultural heritage. Churchfields will promote cultural development and understanding through a rich range of experiences both in and beyond the school.
