

Topic Home Learning Term 3 & 4 2018

Topic-based homework offers the children a chance to explore their learning in their own way and to undertake more collaborative projects if they would like to. They are designed to allow the children to express their own interests. Ideas are given around a topic, but children are free to interpret them in their own way.

Children should complete at least one piece of homework per short term, and will be given a certificate with feedback upon completion. Presenting their work in class is a fantastic way to develop their speaking and listening skills, and children can celebrate each other's success.

<p><u>Dinosaur Fact File</u> Create a fact file about your favourite dinosaurs.</p> 	 <p>Don't forget to read <u>every night</u> and practise your Maths Passport or login to Mathletics.</p>	<p><u>Make a dinosaur game</u> Make a fun dinosaur themed game to play with your school friends!
