

BIG MATHS - BEAT THAT!

Try one “Beat That”, as frequently as you can fit in over a week. No more than 1 a day!

Aim to complete as many calculations as you can. Target time is 30 seconds for year 1 **BUT** start by allowing 90 seconds if you wish. If your child completes the sheet before the time is up note the time and try to beat that next time.

What is your best score/completion time that you're aiming to beat?
