# **Elective Home Education Procedure**

Updated: September 2021

Parents/carers have the right to provide a full time education to their children at home. However, when they elect to home educate their child, the school must explore the reasons behind this decision.

It may be that there are reasons related to parents being unhappy with the school. These issues should be explored and addressed.

The school will refer to Wiltshire's Education Welfare Service in all instances when parents request to educate their children at home.
